

National Tracking Poll #200548
May 14-17, 2020

Crosstabulation Results

Methodology:

This poll was conducted from May 14-17, 2020, among a national sample of 2200 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on age, race/ethnicity, gender, educational attainment, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.
