

National Tracking Poll #2010142
October 23-25, 2020

Crosstabulation Results

Methodology:

This poll was conducted between October 23-October 25, 2020 among a national sample of 2199 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on age, gender, educational attainment, race, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.
