

National Tracking Poll #2012111
December 17-20, 2020

Crosstabulation Results

Methodology:

This poll was conducted between December 17-December 20, 2020 among a national sample of 2200 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on gender, educational attainment, age, race, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.
