33 **Table MCFI5:** How much have you seen, read, or heard about the following? GameStop stock price skyrocketed as amateur traders collectively attempted to boost the video game retailer’s shares after at least two hedge funds had bet that the company’s stock price would fall. The soaring stock price caused the hedge funds to incur steep losses. 134

34 **Table MCFI6:** Since hearing about the amateur traders’ collective attempt to boost GameStop’s shares, are you more motivated to get involved in retail investing, less motivated, or has your motivation not changed at all? 138

35 **Table MCFI7_1:** As you may know, millions of amateur investors came together to buy GameStop shares in a ‘squeeze’ largely organized on social media, causing steep losses at some hedge funds that had ‘shorted’ the stock (or bet the shares were going to fail). As a result, GameStop’s stock soared more than 1,700 percent since December. To what degree do you believe each of the following groups will be helped or hurt by these actions? Institutional (large, professional) investors such as hedge funds 142

36 **Table MCFI7_2:** As you may know, millions of amateur investors came together to buy GameStop shares in a ‘squeeze’ largely organized on social media, causing steep losses at some hedge funds that had ‘shorted’ the stock (or bet the shares were going to fail). As a result, GameStop’s stock soared more than 1,700 percent since December. To what degree do you believe each of the following groups will be helped or hurt by these actions? Amateur investors 146

Table MCFI5: How much have you seen, read, or heard about the following? GameStop stock price skyrocketed as amateur traders collectively attempted to boost the video game retailer's shares after at least two hedge funds had bet that the company's stock price would fall. The soaring stock price caused the hedge funds to incur steep losses.

Table MCFI7_1: As you may know, millions of amateur investors came together to buy GameStop shares in a 'squeeze' largely organized on social media, causing steep losses at some hedge funds that had 'shorted' the stock (or bet the shares were going to fail). As a result, GameStop's stock soared more than 1,700 percent since December. To what degree do you believe each of the following groups will be helped or hurt by these actions?

Table MCFI7_1: As you may know, millions of amateur investors came together to buy GameStop shares in a 'squeeze' largely organized on social media, causing steep losses at some hedge funds that had 'shorted' the stock (or bet the shares were going to fail). As a result, GameStop's stock soared more than 1,700 percent since December. To what degree do you believe each of the following groups will be helped or hurt by these actions?
Institutional (large, professional) investors such as hedge funds

Table MCFI7_2: As you may know, millions of amateur investors came together to buy GameStop shares in a 'squeeze' largely organized on social media, causing steep losses at some hedge funds that had 'shorted' the stock (or bet the shares were going to fail). As a result, GameStop's stock soared more than 1,700 percent since December. To what degree do you believe each of the following groups will be helped or hurt by these actions?

Table MCFI11: As you may know, in response to the wide swings in GameStop's shares, the trading platform Robinhood put trading restrictions on purchases of the stock, a move that drew criticism from its users but that Robinhood said was due to regulatory requirements. Do you think the trading restrictions were necessary?
