

National Tracking Poll #2107089
August 02-03, 2021

Crosstabulation Results

Methodology:

This poll was conducted between August 2-August 3, 2021 among a sample of 1000 Japanese Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Japanese Adults based on age, gender, and region. Results from the full survey have a margin of error of plus or minus 3 percentage points.
