

National Tracking Poll #2111154  
November 24-27, 2021

*Crosstabulation Results*

*Methodology:*

This poll was conducted between November 24-November 27, 2021 among a sample of 2200 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on gender, educational attainment, age, race, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.
