

National Tracking Poll #2111168  
November 29-30, 2021

*Crosstabulation Results*

*Methodology:*

This poll was conducted between November 29-November 30, 2021 among a sample of 2200 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on gender, educational attainment, age, race, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.

# Table Index

- 1 **Table MCHE1\_1:** *How much have you seen, read, or heard about the following? Scientists identifying the coronavirus omicron variant in South Africa and several other countries . . .* 7
- 2 **Table MCHE1\_2:** *How much have you seen, read, or heard about the following? The World Health Organization warning that the omicron variant poses a 'very high' health risk globally* 11
- 3 **Table MCHE1\_3:** *How much have you seen, read, or heard about the following? President Joe Biden's speech saying the omicron variant is 'a cause for concern, not a cause for panic' and encouraging Americans to get vaccinated . . . . .* 15
- 4 **Table MCHE1\_4:** *How much have you seen, read, or heard about the following? Moderna Inc. and BioNTech SE both announcing that vaccines for the coronavirus omicron variant could be ready in early 2022 if necessary . . . . .* 19
- 5 **Table MCHE1\_5:** *How much have you seen, read, or heard about the following? The Dow Jones Industrial Average dropping over 900 points on Black Friday for its worst day of the year* 23
- 6 **Table MCHE1\_6:** *How much have you seen, read, or heard about the following? The United States and several other countries suspending travel from some countries in southern Africa in an effort to slow the spread of the coronavirus omicron variant . . . . .* 27
- 7 **Table MCHE3:** *Which of the following comes closest to your opinion, even if none is exactly right? . . . . .* 31
- 8 **Table MCHE4:** *With the identification of the omicron variant, would you consider getting the COVID-19 vaccine as a preventative measure against the disease? . . . . .* 35
- 9 **Table MCHE5\_1:** *Thinking about the identification of the coronavirus omicron variant, would you consider doing the following within the next 3 months with COVID-19 safety restrictions in place?Covid-19 safety restrictions include mandatory mask or vaccination policies. Traveling on a plane domestically . . . . .* 38
- 10 **Table MCHE5\_2:** *Thinking about the identification of the coronavirus omicron variant, would you consider doing the following within the next 3 months with COVID-19 safety restrictions in place?Covid-19 safety restrictions include mandatory mask or vaccination policies. Traveling on a plane internationally . . . . .* 42
- 11 **Table MCHE5\_3:** *Thinking about the identification of the coronavirus omicron variant, would you consider doing the following within the next 3 months with COVID-19 safety restrictions in place?Covid-19 safety restrictions include mandatory mask or vaccination policies. Going to school in-person or sending your children to school in-person . . . . .* 46
- 12 **Table MCHE5\_4:** *Thinking about the identification of the coronavirus omicron variant, would you consider doing the following within the next 3 months with COVID-19 safety restrictions in place?Covid-19 safety restrictions include mandatory mask or vaccination policies. Shopping in-person . . . . .* 50
