

National Tracking Poll #2201007
January 05-05, 2022

Crosstabulation Results

Methodology:

This poll was conducted between January 5-January 5, 2022 among a sample of 2200 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on gender, educational attainment, age, race, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.

Table Index

- 1 **Table MCHE1:** *How much have you seen, read, or heard about the Centers for Disease Control and Protection (CDC) updating its Covid-19 isolation and quarantine guidelines to shorten the isolation period from 10 days to 5 days for individuals who do not have symptoms or whose symptoms have been improving so long as they continue to wear a mask around others?* 4
- 2 **Table MCHE2:** *Do you approve or disapprove of the Centers for Disease Control and Protection (CDC) updating its Covid-19 isolation and quarantine guidelines to shorten the isolation period from 10 days to 5 days for individuals who do not have symptoms or whose symptoms have been improving so long as they continue to wear a mask around others?* 8
- 3 **Table MCHE3_1:** *And based on what you know, does the Centers for Disease Control and Protection (CDC)'s decision to shorten the Covid-19 quarantine period from 10 days to 5 days for individuals who do not have symptoms or whose symptoms have been improving mostly hurt or help each of the following? The U.S. economy* 12
- 4 **Table MCHE3_2:** *And based on what you know, does the Centers for Disease Control and Protection (CDC)'s decision to shorten the Covid-19 quarantine period from 10 days to 5 days for individuals who do not have symptoms or whose symptoms have been improving mostly hurt or help each of the following? Front-line workers* 16
- 5 **Table MCHE3_3:** *And based on what you know, does the Centers for Disease Control and Protection (CDC)'s decision to shorten the Covid-19 quarantine period from 10 days to 5 days for individuals who do not have symptoms or whose symptoms have been improving mostly hurt or help each of the following? Blue-collar workers* 20
- 6 **Table MCHE3_4:** *And based on what you know, does the Centers for Disease Control and Protection (CDC)'s decision to shorten the Covid-19 quarantine period from 10 days to 5 days for individuals who do not have symptoms or whose symptoms have been improving mostly hurt or help each of the following? White-collar workers* 24
- 7 **Table MCHE3_5:** *And based on what you know, does the Centers for Disease Control and Protection (CDC)'s decision to shorten the Covid-19 quarantine period from 10 days to 5 days for individuals who do not have symptoms or whose symptoms have been improving mostly hurt or help each of the following? Large U.S. companies* 28
- 8 **Table MCHE3_6:** *And based on what you know, does the Centers for Disease Control and Protection (CDC)'s decision to shorten the Covid-19 quarantine period from 10 days to 5 days for individuals who do not have symptoms or whose symptoms have been improving mostly hurt or help each of the following? Small U.S. businesses* 32
- 9 **Table MCHE3_MCHE3_7:** *And based on what you know, does the Centers for Disease Control and Protection (CDC)'s decision to shorten the Covid-19 quarantine period from 10 days to 5 days for individuals who do not have symptoms or whose symptoms have been improving mostly hurt or help each of the following? Health care workers* 36
- 10 **Table MCHE4:** *Which of the following comes closest to your opinion, even if neither is exactly correct?* 40

11 **Summary Statistics of Survey Respondent Demographics** 44
