Table XCOZEH4: As you may know, Julian Assange, an Australian national, is currently being held in the U.K. and is wanted in the U.S. over documents leaked in 2010 and 2011, which the US says broke the law and endangered lives. Assange's team and international representatives from journalists and publishers' unions maintain that he did nothing wrong and his arrest violates freedom of the press. Which of the following comes closest to your opinion, even if neither is exactly right?
