*The Republican candidates supports a ban on late-term and partial birth abortion. And most Americans agree with that. It would just put us on par with other civilized nations. The only countries that support my opponents' no limits, extreme abortion policy are China and North Korea.*

**Table MCWA7\_2:** How convincing are each of the following messages to vote for a Republican for Congress?

*The Republican candidates supports a ban on late-term and partial birth abortion. And most Americans agree with that. It would just put us on par with other civilized nations. The only countries that support my opponents' no limits, extreme abortion policy are China and North Korea.*
