

National Tracking Poll #2212099
December 14-19, 2022

Crosstabulation Results

Methodology:

This poll was conducted between December 14-December 19, 2022 among a sample of 2210 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on gender, age, race, educational attainment, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.

Table Index

- 1 **Table MCHE1_1:** *Generally speaking, how much do you trust public health information and news from the following sources? Print newspapers* 4
- 2 **Table MCHE1_2:** *Generally speaking, how much do you trust public health information and news from the following sources? Radio* 8
- 3 **Table MCHE1_3:** *Generally speaking, how much do you trust public health information and news from the following sources? Cable news networks, such as CNN, MSNBC, and Fox News* 11
- 4 **Table MCHE1_4:** *Generally speaking, how much do you trust public health information and news from the following sources? Broadcast news networks, such as ABC, CBS, and NBC . .* 14
- 5 **Table MCHE1_5:** *Generally speaking, how much do you trust public health information and news from the following sources? News websites* 17
- 6 **Table MCHE1_6:** *Generally speaking, how much do you trust public health information and news from the following sources? Social media* 20
- 7 **Table MCHE1_7:** *Generally speaking, how much do you trust public health information and news from the following sources? Podcasts* 23
- 8 **Table MCHE1_8:** *Generally speaking, how much do you trust public health information and news from the following sources? Video streaming services* 26
- 9 **Table MCHE1_9:** *Generally speaking, how much do you trust public health information and news from the following sources? Centers for Disease Control and Prevention (CDC)* 29
- 10 **Table MCHE1_10:** *Generally speaking, how much do you trust public health information and news from the following sources? National Institutes of Health (NIH)* 32
- 11 **Table MCHE1_11:** *Generally speaking, how much do you trust public health information and news from the following sources? The White House* 35
- 12 **Table MCHE3:** *As you may or may not know, a public health emergency is a declaration that releases resources meant to handle a public health threat, and there continues to be a federal public health emergency in effect for COVID-19, at least until mid-January 2023. In your opinion, do you think a public health emergency should be in effect currently for COVID-19?* 38
- 13 **Table MCHE4:** *And do you think the federal public health emergency should be extended beyond January 2023?* 42
- 14 **Table MCHE5:** *As you may or may not know, some financial coverage of COVID-19 tests, treatments and vaccines is due to the federal public health emergency. One potential consequence of the federal public health emergency ending is that COVID-19 tests and vaccines may no longer be provided for free from health care providers. With that in mind, if you had to pay to get COVID-19 tests or vaccines, how interested would you be in getting them? . . .* 45
- 15 **Table MCHE6_1:** *In your opinion, how effective do you think the following measures are at managing and containing the spread of COVID-19? Wearing face masks* 49

16	Table MCHE6_2: <i>In your opinion, how effective do you think the following measures are at managing and containing the spread of COVID-19? Social distancing</i>	53
17	Table MCHE6_3: <i>In your opinion, how effective do you think the following measures are at managing and containing the spread of COVID-19? COVID-19 vaccine</i>	57
18	Table MCHE6_4: <i>In your opinion, how effective do you think the following measures are at managing and containing the spread of COVID-19? COVID-19 booster vaccines</i>	61
19	Table MCHE6_5: <i>In your opinion, how effective do you think the following measures are at managing and containing the spread of COVID-19? Requiring proof of COVID-19 vaccination to enter businesses and attend events</i>	65
20	Table MCHE6_6: <i>In your opinion, how effective do you think the following measures are at managing and containing the spread of COVID-19? Closing businesses and schools</i>	69
21	Table MCHE7: <i>Considering how the COVID-19 pandemic was handled by public health institutions in the United States, how much do you trust public health institutions to manage another potential pandemic in the future?</i>	73

Table MCHE5: As you may or may not know, some financial coverage of COVID-19 tests, treatments and vaccines is due to the federal public health emergency. One potential consequence of the federal public health emergency ending is that COVID-19 tests and vaccines may no longer be provided for free from health care providers. With that in mind, if you had to pay to get COVID-19 tests or vaccines, how interested would you be in getting them?
